Re: COVID Restriction Relief Guidelines

**Carol Stream Location**  
1200 Old Gary Avenue  
Carol Stream IL 60188  
(630) 653-0006

Effective immediately, the Training Fund (both Chicago and Carol Stream facilities) have implemented COVID restriction relief guidelines that revise the vaccination and mask requirements. The Training Fund will no longer require proof of vaccination to enter the Training Fund property. The wearing of masks are also no longer a requirement of the Training Fund but is highly recommended.

**Chicago Location**  
5700 West Homer Street  
Chicago IL 60639

The Training Fund will begin to enter a phased approach to a full reopening. In phase I, we will gradually allow members within our courses to begin accessing the interior facility. As regional metrics and the community levels continue to improve, more courses will be given access to the facility.

The Training Fund continues to follow guidelines set forth by the authorities having jurisdiction which include the CDC, IDPH and City of Chicago. As these entities modify their guidance's based on current information, the Training Fund will also. The Training Fund may be allowed to fully reopen based on these guidance's or may be mandated to revert to provisional guidelines including social distancing and restrictive access at any time.

The transition into phase 2 will be determined by the Executive Administration and will consist of fully open Training Facilities.
